

Let's Get Packing!

Campers should help with packing. This is a valuable learning experience, and it is important that the camper knows what has been packed and where it is.

A FEW PACKING TIPS . . .

- Please label all clothing and equipment with your child's full name.
- **Pack enough clothing for the session, as we have limited laundry facilities at camp.**
- Pack clothing that is comfortable and that will provide protection in the hot sun and on cool nights.
- Shoes should be comfortable as we do a lot of walking at camp! Some activities require closed toed shoes.
- Personal sports equipment may be brought but will need to be approved for use.
- **Medications should NOT be packed!** They must be brought to the bus departure check-in on the first day of camp and turned in to the camp health staff along with a completed health history form.

Suggested items to pack

- | | | |
