

CAMP HELEN BRACHMAN

WHO IS READY FOR CAMP THIS SUMMER?

Our staff, that's who!

Only 42 days until Session 1 starts! Summer sessions at CHB are on the brain, and we couldn't be more excited! As of the end of April, we are 100% staffed, with our talented team coming from all over Wisconsin, the USA, and even the world! Our staff members do start to arrive at the end of this month, and the beginning of our staff training starts on June 1. As we offer trainings to our staff-creating wilderness experts, lifeguards, and of course, the CHB family-we are constantly reminded of why we do all of these things. We arrive early, stay late, learn all the time, all so we can be the best for our campers. Whether campers are coming for the first time, the second time, or the sixth time, we want to ensure that our campers receive the greatest programming and experiences possible. That is our main goal always.

To our staff, we cannot wait to see what we can accomplish this summer.

To our campers' parents, we look forward to sharing our passion for CHB with you through your child's experiences.

And finally, to our campers: we can't wait for you to arrive and are excited to

have the best summer ever!

- Carrie Wilson, Camp Director and Casey Gott, Camp Management Trainee

REGISTER FOR CHB THIS SUMMER!

There are still spots available in our summer sessions, but they are filling up quickly! Sign up today!

REGISTER ONLINE TODAY

ALREADY SIGNED UP?

Bring a friend, get a prize!!

YOUTH WORKER PROGRAM!

We are still looking for 17 year-olds who are interested in spending a fun summer at CHB while getting some real job experience! Apply today!

APPLY TODAY!

WHAT'S NEW AT CAMP HELEN BRACHMAN?

This summer, we are proud to introduce our newly remodeled library and camper "chill-out" space! Our goal is to have a quiet and relaxing space for campers to step back and take a breath whenever they feel like they need to cool off or take some time to themselves.

Pictures are soon to come!

We are also excited to say we have new floors in a few of our cabins! Bear, Zucker, and North Camp will all have brand-new flooring just in time for

summer. All of our remodeling is in an effort to help CHB stay as comfortable and welcoming as we are known to be!

And in the camp garden, you can expect to see some new inhabitants. Not only have we re-vamped our garden space by bringing back composting, our newest "campers" this summer are baby rabbits and pheasant chicks (scheduled to hatch on the first day of Session 1)! Campers and staff will have the chance to see the pheasants and rabbits grow whenever they visit the garden!

If you're wondering why we've been asking for t-shirt sizes as you sign up your campers, we can tell you why! Expect to see a return of the CHB camper shirts this summer! We were looking for a way to give campers a memento of CHB when they go home, and we realized that the answer was sitting right in front of us. Welcome back to this CHB tradition!

We're always working to make CHB enjoyable to campers of all ages. So, we have been fortunate enough to acquire new bikes that are small enough for our younger campers! Some of our smallest bikes before were too big for our little ones, and now it looks like they will be able to fully participate in one of our most popular activities!

MEET OUR WONDERFUL STAFF:

Since our last newsletter, we have hired almost 100% of our summer staff! Rather than try to fit all of their amazing personalities here, we'd like to invite you to check out our Facebook page! Our page is called "Camp Helen Brachman" and you can see all of our staff with a short bio on each right there! If you also "like" our page, you can stay in the loop all year long; we post something related to CHB almost every day! You can also use this link to go directly to our page:
