Ms. Bounds and Mr. T lead their groups in an online math challenge on the smart board!

## (1st Drawing!) Caught Being Kind SHOUT OUTS!

- ♥ Averyon Jones
- ♥ Akieyah Carter
- ♥ Cereniti Williams
- ♥ Caterion Edwards
- ♥ Keverah Carter
- ♥ Ty'mari LeRoy

♥ Patrick Leer

We had our first "Caught Being Kind" Raffle. Staff have been looking out for students who are being kind and doing the right thing. When they see a kind act, they put the students name in for a raffle drawing.

**Raffles will be every FRIDAY!**

*Please stop by to cheer on the students and their kindness!!!!*

# *Friday Fun: Minute to Win It!*

On Friday Sept. 27, we had a Minute to Win It game night!

Students played "Cookie Face"  
Placing a cookie on their foreheads  
and trying to get it into their mouths  
without using their hands!

They also played "Scoop It Up"  
Students had to scoop up  
6 ping pong balls, using only the  
spoon in their mouth!

We also had a cup stack, and an M&M  
game. Students also had a lot of fun  
"Defying Gravity" having to keep TWO  
balloons off the ground for an entire  
minute!

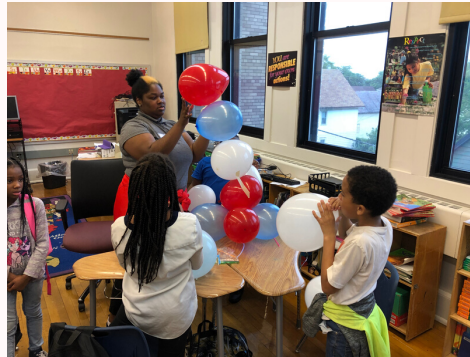

# STEM Fun!

The STEM program provided by COA kicked off our first week of programming for the 1st-5th graders!

Led by Ms. Lina and Mr. Monte, students have been working on team building as well as critical thinking to complete STEM based tasks.

So far students have built their own paper rockets, paper plate mazes, tooth pick and balloon towers!

# Woodland Patterns Returns!

We are excited to welcome back our partner, Woodlands Patterns, for the fall.

The fourth and fifth grade students will participate in Slam Poetry with a mix of visual arts every Wednesday afternoon!

The pictures are from the first week of programming when Ms. Nikki led the group in a team building activity.

We are looking forward to seeing what the our students will create!

## Dates To Know!

**Wednesday, October  
16 & 23:**  
*PARENT/ TEACHER  
Conferences*

**Friday, October 25:**
