OFF**

Summer 2020 Report

July came and went so fast. It was nice to open for summer 2020 but the risk for opening was far greater than benefit due to COVID-19. The good news is that we made it through the 4 weeks without closing. The bad news was that we had a hard time with Mask especially when it became the required by the city of Milwaukee for anyone 4 year and older to wear mask. Despite that, the students who attended Westside CLC Summer 2020 enjoyed all the different activities that were planned for them. Our program had a Bike fed program for the first two week for our 3-5 graders. SHARP Summer Literacy program for our 1-5 graders. We partnered with Milwaukee public library for the super reader program. Milwaukee Rep, We had a birdhouse donated by a carpenter and our students painted it. We also had a virtual science outdoor program through the Urban Ecology Center and not to forget the science guy with water rocket activities. To top it all up, CLC staff also planned fun Friday's activities with obstacle courses, water sprinklers, movie night and cooked out on the last day of programming.

7. Fun Friday's / The Science Guy/Cooked-out.

1. Bike Fed Program at Westside Academy CLC Summer 2020

Safe Routes to Milwaukee Public Schools 2020 Partnership Agreement

The Wisconsin Bike Fed and MPS have been partnering for 15 years on Safe Routes to School programs and we are proud to continue our partnership. MPS staff love our programs which are FREE and proven to be effective. The goal of our programming is to promote student safety, to help them feel part of their neighborhood community, to elevate their voices in the design of Milwaukee's streets, and to develop their environmental and geographic understanding. Our programs are FREE to MPS schools and we are an approved vendor. #V005457

Bicycle Driver's Ed & Bike Camp For students who have completed Grade 5. **3 Hours/Day Mon-Fri**

At Westside, Bike program was the highline of their summer at Westside. The students were sad when the program had to end. Some students also mention their love for the program on their summer 2020 participants' survey. **Below are the pictures to support.**

On this day, one of our 3rd-5th grader is looking to see how far they can ride today!

He was very sad when the bike program was ended!

The riders are following the rules off the road.

OMG, these students rode from Westside Academy to Riverwest!

Enjoying Milwaukee view from COA Riverwest Park.

Time to get back on the bike.

Its break time at the park. While getting push on the tire swing.

Westside CLC
Summer 2020 is the
summer to
remember!

**This how we
ride.**

2. SHARP Summer Literacy program

Find out how SHARP is helping students overcome summer- and COVID-19 related learning loss. We've combined art and science with a community focus to create multi-faceted educational programs. With in-person, virtual and blended learning already underway, SHARP is challenging the learning loss.

One of our student was featured in their Unwrapped To Go - Thursday, July 30

3. Milwaukee Public Library Super Reader

We set aside time for reading every day for reading activities for reach classroom. Ms. Rose visited each classrooms in her program and read books to students. We made copies of our Super Reader Group Tracker and gave copy to each student so they can keep track of their progress this summer. We used [Super Reader YouTube Playlist](#) for great read-aloud, book talks, and fun book-based activities for their students. We also attendance reading aloud led by educator from the Milwaukee public library.

Our 1st-2nd grade are doing a lesson from a book sent by the Milwaukee Public Library

4. Milwaukee Rep

Teaching Artist Ms. Leatanya D. Come to Westside and worked with our K4-K5 and 1-2 grade. The students could not stop talking about the Ms. Leatanya and how much fun they had.

Doing art project are amount the many things Students enjoyed this summer at Westside CLC. Will make sure to implement next school year.

5. Urban Ecology Center Science Outdoors Virtual Offerings 2020

Ecosystem Exploration (K-5th)

Animals come in all shapes and sizes, and therefore, need different things from their environments. Meet and discover the animals that live in all different kinds of ecosystems in our city and state. From prairie to pond, we'll cover it all!

Our students at Westside attended the virtual hand-on activities with a lot of interaction about student. Students were able to listen to the educator and later went on a nature walk outside the school building and later came back in the classroom to discuss their findings. All the groups from K4-5th enjoyed the activities.

Our K4-K5 Students listening to educator from Urban Ecology talk about Ecosystem via zoom.

**Our 1st -2nd grade
Students listening to
educator from Urban
Ecology talk about
Ecosystem via zoom.**

**Our 3rd -5th Students going on a nature walk
after listening to educator from Urban
Ecology talk about Ecosystem via zoom.**

6. The birdhouse donation

Our Assistant Site Coordinator Mrs. Eggson found out on social media that there was a carpenter making birdhouses and giving away for free. She reached out to one for the family member and them donation 10 birdhouse for our 3-5 graders to decorate.

Mrs. Eggson CLC Assistant Site Coordinator picking –up the birdhouses for Westside CLC Summer 2020 program.

Our 3rd-5th grade painting birdhouse during their art activities. It's going to be a week long project.

We are still working on the birdhouse.

**Finish
produce**

7. The Science Guy

The science guy came during our recycle theme week and worked with student on water rockets using recyclable materials follow by water sprinkler activities .

The older students are leading the activities while the adult step back.

Our K4-K5 are getting a little help from their group leader.

Water sprinkler after rocket activities

8. Fun Friday's & Cooked-out.

One every Friday of program, we had fun Friday with a celebration to the theme of the week. We had a movie night with popcorn, free goodies to for students, water sprinkler and cook-out on the last day of program. Do not worry, the money for food did not come out the budget. It was my treat to the students and staff.

Our K4-K5 with Mrs. Norwood on our 1st fun Friday.

Ms. K is helping students during fun Friday activities.

Staff and I treated the student with a nice cook-out dinner. 7/31/2020
