Our K4 friend, A'Nisha, was all tucked in and ready for nap time after lunch!

## CLC REMINDERS

Students should bring with them  
**EVERY** day:

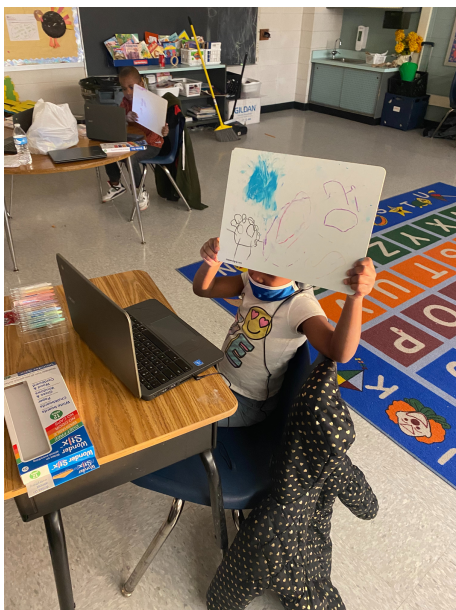

- Chromebook
- Headphones
- Mask
- A positive and respectful attitude!

# "Celebrating Differences"

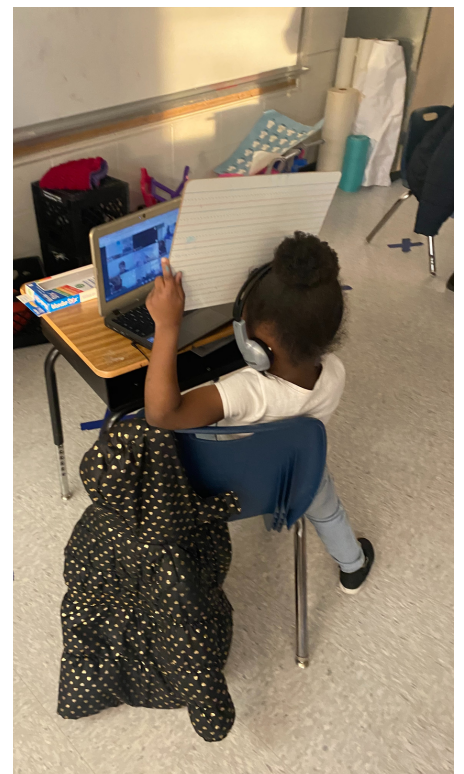

CLC is excited to share the success of our FIRST hybrid activity. This activity was titled "Celebrating Differences", presented by Miss Rebecca & Miss Casey with the Penfield Children's Center. We were able to provide this activity to those in-person at Hopkins, but also to friends who are participating in CLC from home. Our friends Malakai and Aiyanna were able to log on and have fun with us, Celebrating Differences! (*Aiyanna and Malakai pictured top left photo*)

Students listened to a story, and talked about what made them different and special.

They also learned **SIGN LANGUAGE**! This part of the activity was the biggest hit. Many of our students have continued to ask to get a drink of water, use the bathroom and to say "I LOVE YOU" all with the signs that they learned!

# "Celebrating Differences"

## TRY SIGN LANGUAGE AT HOME!

From the book, "Learn to Sign with Jackie"

Written by: Cristina Moreno and Rebecca Michelsen

Illustrated by: Ellen Anderson

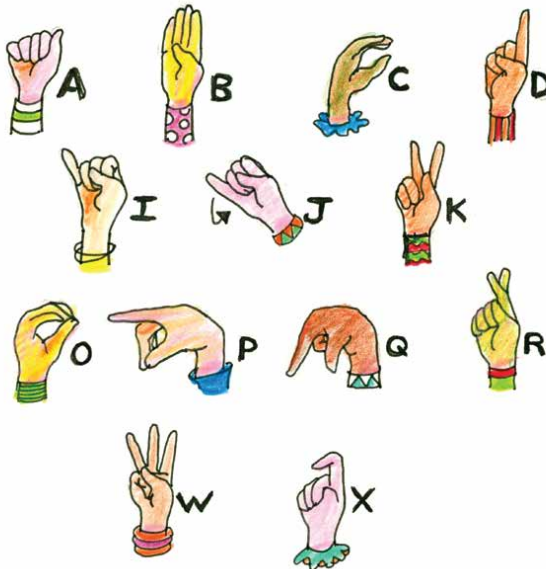

Visit our Google Classroom for the WHOLE BOOK and more sign language!

### I LOVE YOU

The sign for 'I Love You' is a combination of the letters I, L, and Y.

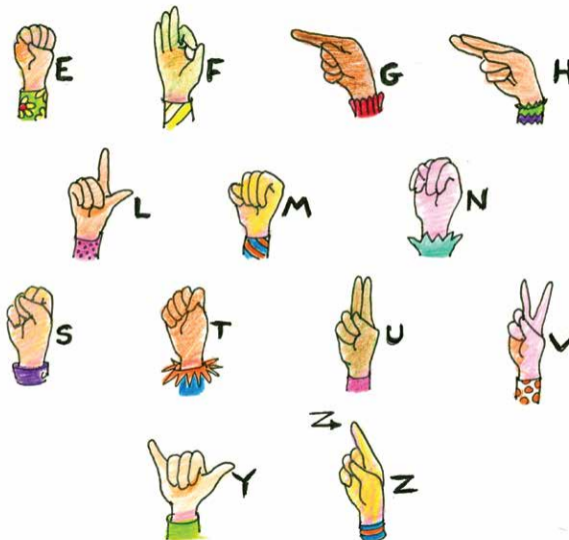

Just like there are different languages that people can speak, there are also different types of sign language that people can use. One common type of sign language is American Sign Language, or ASL.

### PLEASE

With an open palm, draw a circle clockwise on your chest.

In ASL, you use your hands to create shapes and movements that represent a letter or word. When you sign a word by spelling it out letter by letter, it is called fingerspelling. Can you fingerspell your name?

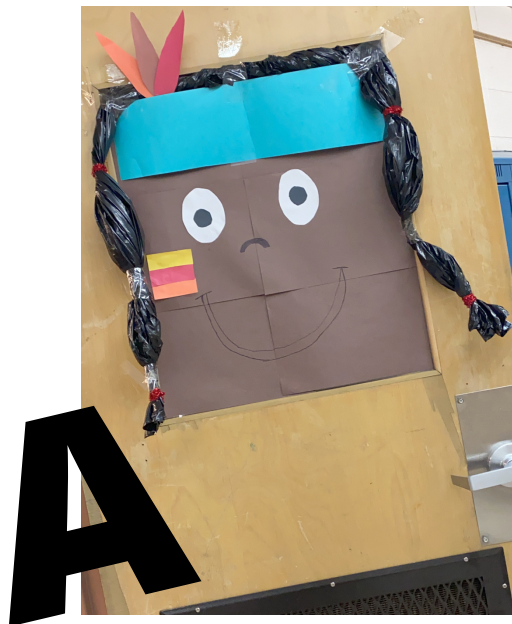

### THANK YOU

With an open hand, place your fingertips on your chin just below your lips and pull away.

**WATER**  
Sign the letter 'W' and touch the first finger of the letter 'W' to your mouth twice.

# *Thanksgiving Festivities!*

**OR**

**VOTE!** Which Thanksgiving CLC Door takes the turkey?!

Celebrations look different in many ways this year. One way we got into the holiday spirit at CLC is a door decorating contest. The K4-1st classroom went with a turkey, and T=the 2nd-5th grade went with a Native American girl!

Both turned out great, but which one is your favorite?

Let us know on our  
PRIVATE Hopkins-Lloyd  
CLC Facebook group!

# *Arts & Crafts with Ms. Robertson*

CLC K4-1st Graders continued the Thanksgiving Celebration by creating their own turkeys during arts & crafts.

Arts & Crafts is a favorite activity for all of our CLC members, but especially when they get to PAINT!

## **Dates To Know!**

### **No School**

Dec. 23rd - Jan 1st  
*Happy Holidays!*

Return to school on  
Monday January 4th @ 7:15am
