UPCOMING PROGRAMS
& DATES TO KNOW
PAGE 4

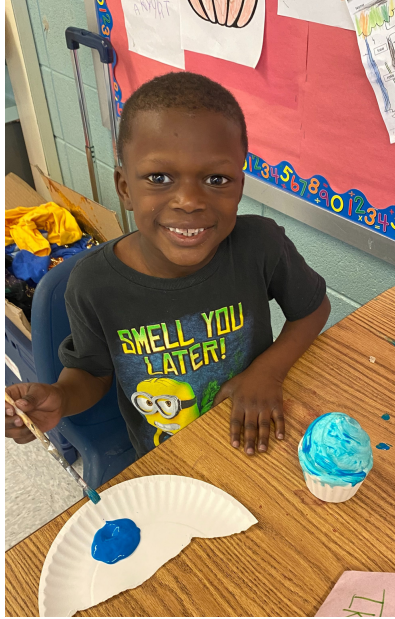

Our friend and partner at Woodland Pattern, Mr. Brooklyn, switched up the program by bringing in his lizard. Students learned about taking care of her, and even fed her a late lunch!

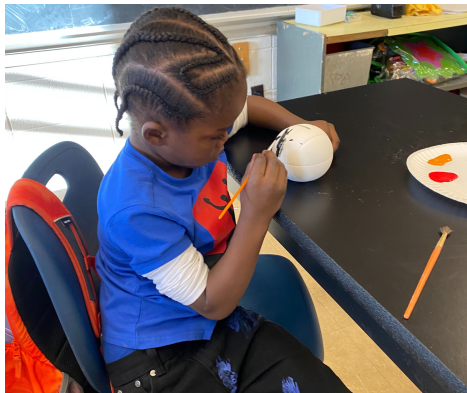

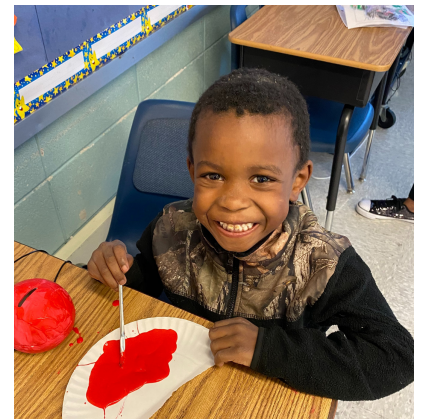

Students should bring with them
EVERY day:

- Chromebook
- Headphones
- Mask
- A positive and respectful attitude!

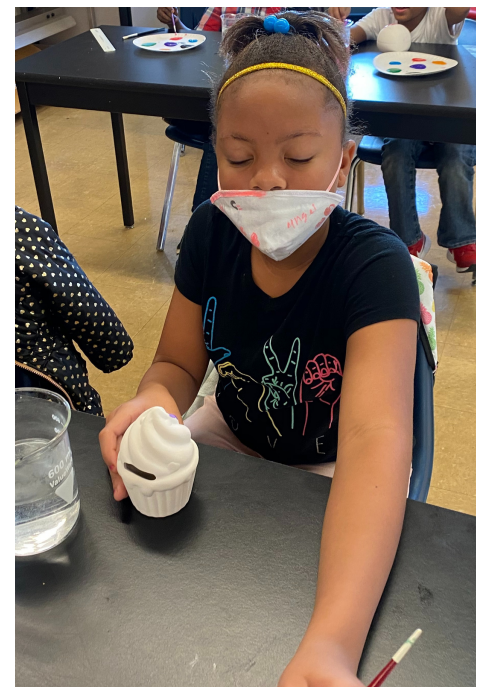

Painting Piggy Banks!

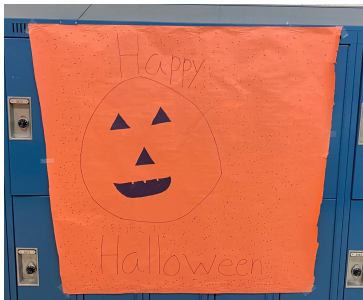

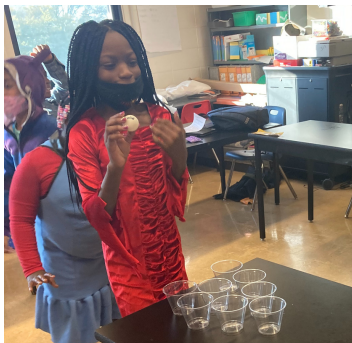

Everyone was filled with smiles and concentration while they painted their very own piggy bank!

Students had the choice to pick a cupcake or basketball ceramic piggy bank and spent the afternoon getting creative and painting!

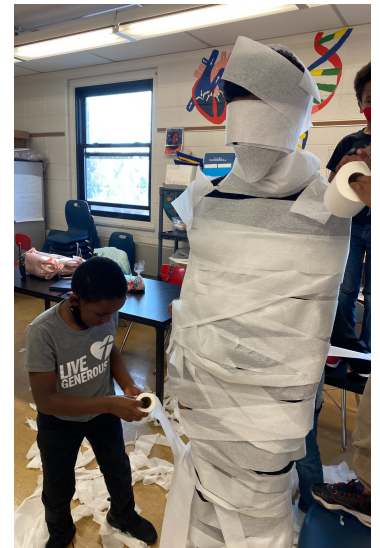

A Spook-tacular Halloween!

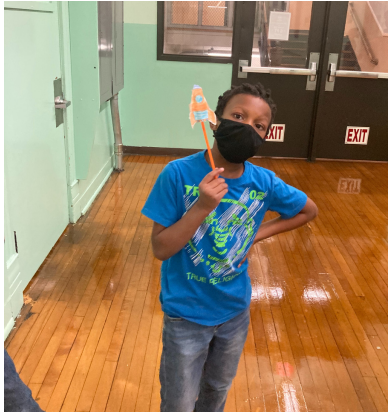

To celebrate fall and Halloween, CLC played Halloween games like Toilet Paper Mummy, Cookie Monster, and Eyeball Toss! The 3rd-5th grade students created decorations that made the hallways extra spooookyyyyy.

The day wrapped up with a delicious caramel apple with the choice of sprinkles.

STEM with Mr. T

Due to COVID, COA's STEM program looks a little different.

This year, our very own Mr. T is our lead STEM group leader. This means that he prepares and facilitates our STEM lessons.

Pictured are Keyantta and Demond participating in the Straw Rocket Ship challenge.

Students have also built a marshmallow and balloon tower! Stay tuned for more STEM fun!

Dates To Know!

No School

- Monday Nov. 16
- Wednesday Nov. 23 -
Friday Nov. 27
Happy Thanksgiving!
