Ms. Nikki and Mr.  
George are back  
with Woodland  
Pattern!

Featured is Irmani,  
who created a  
collage in  
celebration of  
Black History  
Month!

Students should bring with them  
**EVERY** day:

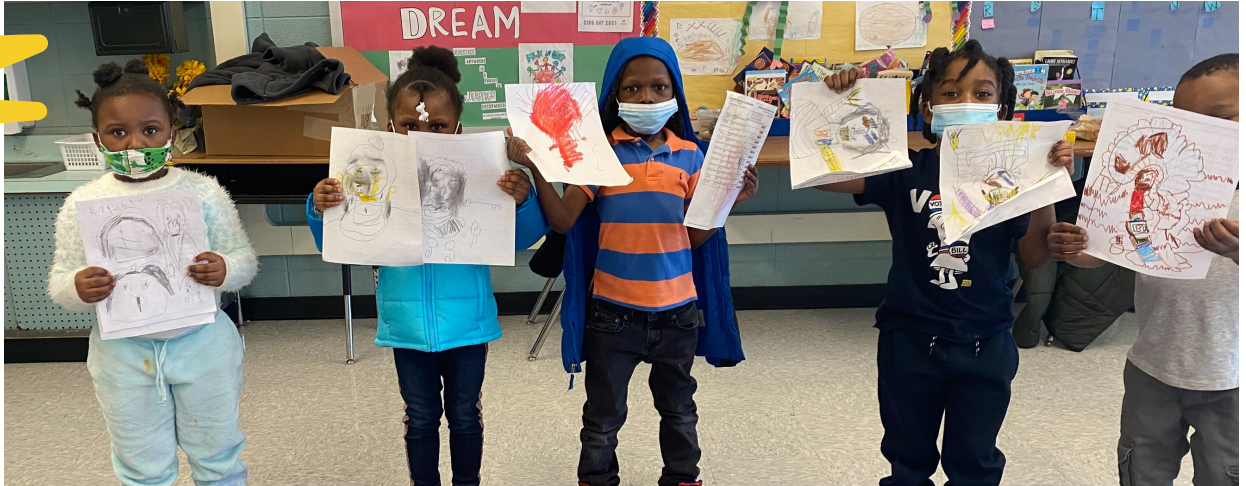

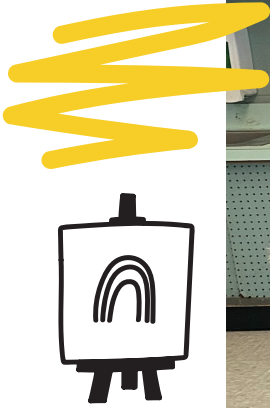

- Chromebook
- Headphones
- Mask
- A positive and respectful attitude!

## A volume full of art!

February brought our CLC some challenges, but  
we brightened up the month with some beautiful  
art!

Keep reading for an update on our partnerships  
that have combined art and literature to enrich  
our CLC program!

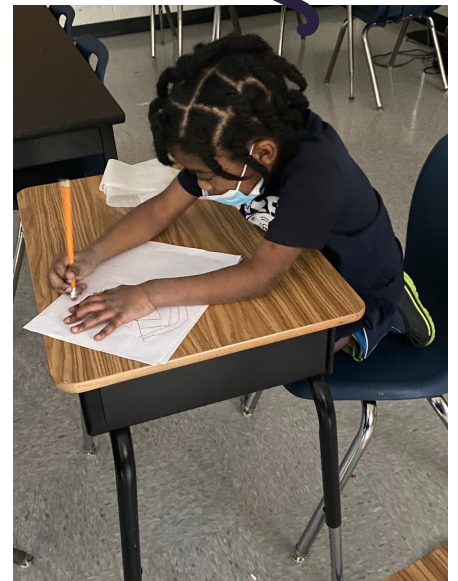

# MPL Presents: Art with Adwoa

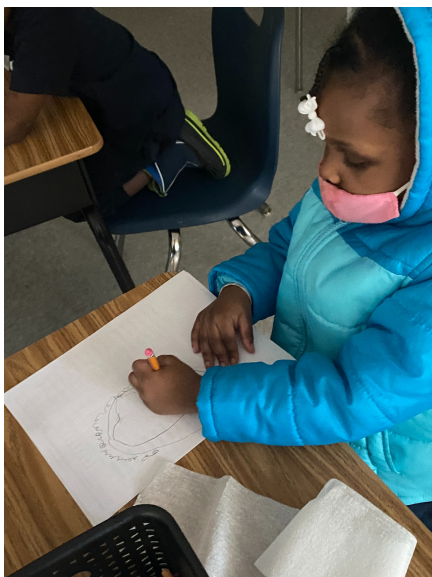

In celebration of Black History Month, The Milwaukee Public Library offered a two-session art class!

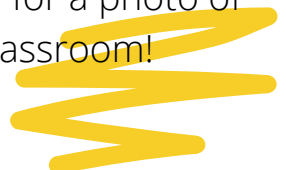

Students listened to a MPL staff read the book, "Overground Railroad" by Lesa Cline-Ransome.

Next, students met artist, Adwoa, who showed the class how to draw the family featured in the book!

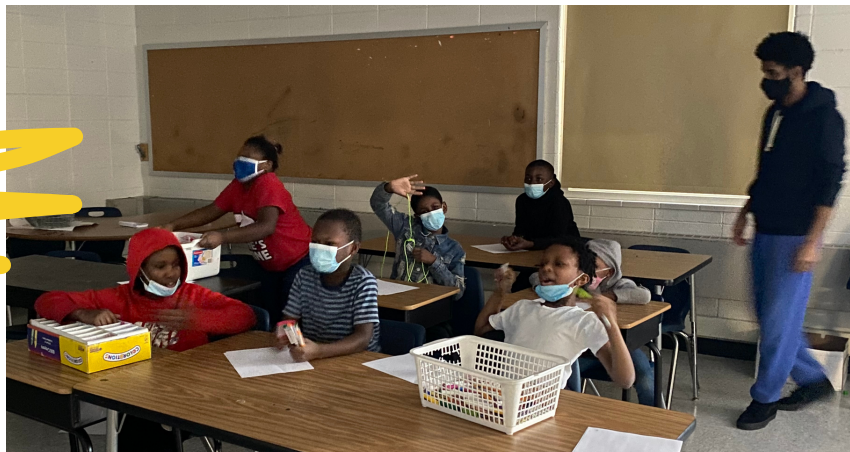

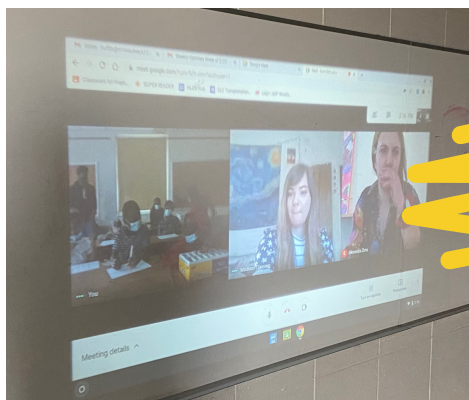

Our students tried their best to follow along! Some students tweaked the activity and drew their own family! Check our Facebook group for a photo of our featured "Family Wall" in the classroom!

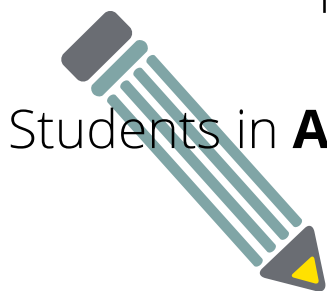

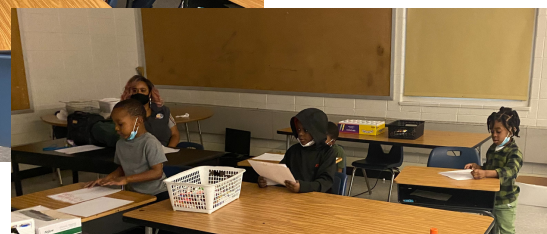

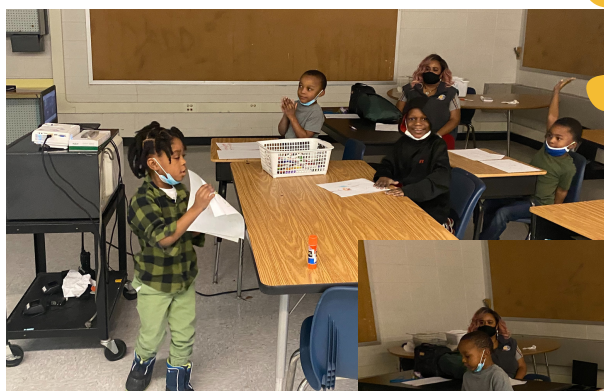

# Art with UWM Art ECO

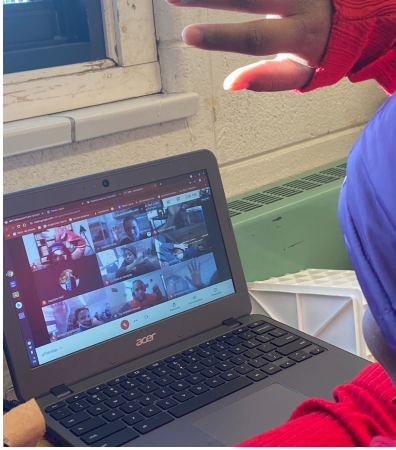

CLC has partnered with UWM ArtECO! Each week, a UWM Art Education Intern leads on art class on Literature and Healing! Students listen to a story read out loud, and then complete a project that goes along with the story!

Students in **ALL** grades have really enjoyed getting creative with Ms. Maddie, our instructor!

# Safe & Sound

At CLC, we were made aware of some bullying going on with our students online and while at the program. So, Mr. B and Mr. S, with Safe and Sound, have created a new program exclusively for our CLC.

They are incorporating lessons on healthy relationships and internet safety, combined with building a YouTube Channel! Students have really enjoyed Mr. S's camera and connecting with Mr. B on the gaming system!
